**BUILDINGS UPDATE** – the men are making very good progress on the roof, and the works should by now be complete. A number of issues have been uncovered and are being attended to. The most serious of these is the rainwater goods have been found to be so badly rusted as to be unusable. A number of tiles, nearly 100, had also disintegrated, and needed replacing. This will add to the final bill that will need to be paid, which will be in the region of £38,000. Also we will have to pay the architect's bill. Thanks to a few generous donations, we will be able to pay these bills without going into the red. Thank you for all your support. Fr Tim.
