WORLD DAY OF PRAYER FOR THE CARE OF CREATION (Sunday September 1st) Recently at the Bishops' Conference meeting in Valladolid the Bishops of England and Wales made this statement on the current human and ecological crisis:

"In the light of Pope Francis' teaching in Laudato Si and reaffirming our commitment to the principles outlined in our document "The Call of Creation, 2002", the Bishops' Conference recognises that humanity is in an unprecedented ecological crisis. There is a moral duty to act with urgency and enable the faithful to make informed decisions that care for creation and will assist in repairing the damage. We therefore urge the Church at all levels to continue to develop initiatives that care for our common home, and to identify individuals and groups to be advocates for this journey."
